INDEX TO VOLUME 3 NUMBERS 17-24 1962-1965

References to figures and plates are in italics.

A

Agriculture

Dove basin, Derbys.-Staffs. Farming-type regions ..	244-254
Classification of farming types	244-246
<i>Cropping patterns 1958</i>	248
<i>Cropping patterns 1960</i>	249
<i>Farming-type regions</i>	252
<i>Livestock enterprises excluding dairying 1958</i> ..	250
<i>Livestock enterprises excluding dairying 1960</i> ..	251
East Midlands	
<i>Areas of cattle concentration in the Middle Ages</i> ..	399
Index of farm structure, with a Nottinghamshire example	255-261
<i>Change in fragmentation index 1943-1963 in parish units</i>	260
<i>Change in percentage distribution of farms by fragmentation index groups 1943-1963</i>	259
World Atlas	289-290
Aircraft Manufacture	
East Midlands	10-11
<i>Employment in East Midlands</i>	5
<i>Regional employment in Great Britain</i>	4
Anglo-Polish Geographical Seminar, Second	112-113
Arnold U.D., Notts.	66

B

Bakewell, Derbys. Glacial drift	72-80
Barnes, F. A.	
Peat erosion in the Southern Pennines: problems of interpretation	216-222
The hard winter of 1962-3 at Nottingham	139-147
Barnes, F. A. and Jeffery, Dorothy M.	
Farming-type regions in the Dove basin	244-254
Barwell, Northants. See Footwear	
Bedfordshire Twin-loop villages	102-109
Beeston	
<i>Beeston and Nottingham, Aerial view (plate)</i> ..	<i>facing 68</i>
Beeston and Stapleford U.D., Notts.	66-67
Belper, Derbyshire	
Cotton mills	167-169
Bloomfield, G. T.	
Motor vehicle, cycle and aircraft industries of the East Midlands	3-14
Book reviews	
Appleton, J. H. The geography of communications in Great Britain	57-58
Edwards, K. C., et al. The Peak District	59-60
Marshall, R. A. History of Nottingham City Transport, 1897-1959	58-59
Russell, Rex C. The enclosures of Barton-upon-Humber, 1793-1796 and Hibaldstow 1796-1803	59
Boston, Lincs.	
Industrial Development	267-281
<i>Employment structure 1949-1962</i>	269
Industrial location factors	275-280

Industrial types	270-274
Location of industry 1963	271
Position	268
Workers in manufacturing June, 1962	272
Boundaries	
Regional, East and West Midlands	98-100
Sheffield, problems	115-123
Brant Broughton, Lincs. Fieldwork notes	473
Bridges, E. M.	
Examples of periglacial phenomena in Derbyshire	262-266
Types of soil formation in the Nottingham District	15-19

C

Canals	
Northants.	445
Carlton, Beds.	105-106
Carlton U.D., Notts.	66
Chellington, Beds.	107-108
Chesterfield, Derbys.	
Silk mill (plate)	facing 31
Chesterfield R.D., Derbys.	118-120
Climatological station, Nottingham University	52-53
Coal	
Colliery closures in Derbyshire	470
Cotgrave colliery, opening	349-350
Mansfield, centre of mining	209-210
Production in the East Midlands	51
Coalpit Bridge, Derbys. Glacial drift.	73
Coates, B. E. and Hunt, A. J.	
Sheffield and the Don Basin conurbation in relation to the new economic planning regions	358-372
Corby, Northants. New Town, progress	414-417
Cotgrave, Notts. Opening of new colliery	349-350
Cottam, Notts. Power station.	223
Cotton	
Milford mills	289
Mills at Belper and Milford	167-169
Mill closures in Derbyshire	470
Mills at Cromford ; their site and location	461-469
Cromford mills 1777	462
Cromford mills 1840 and 1963	463
Cromford mill today (plate)	facing 464
First cotton mill at Cromford (plate)	facing 464
General locational factors	465-468
Site and power supply	462-465
Cromford, Derbys. Cotton mills, their site and location	461-469
Cunningham, F. (F.)	
A detail of process on scarp edges of Millstone Grit	322-325
Tor theories in the light of South Pennine evidence	424-433
Cycle manufacture	
East Midlands	9-10
Employment in East Midlands	5
Regional employment in Great Britain	4

D

Dearden, J.	
Derbyshire limestone: its removal by man and by nature	199-205
Derby See Silk	
Derbyshire	
Colliery closures	470
Cotton-mill closures	470
<i>Females as percentage of occupied population 1951</i> ..	363
Glacial drift, Bakewell area	72-80
Lead mining in mid-19th century	373-393
Limestone	
Dolomite tors See Tors	
Hopton Wood mine	472
Removal by man and nature	199-205
Peak District: a new mineral treatment plant (fluorspar, etc)	470
Peat erosion on the High Moors	40-50
<i>Population change 1951-1961</i>	365
Water hardness	201-204
Dolomite See Limestone	
Don Basin conurbation	
<i>Urban areas 1961</i>	361
<i>Urban areas</i>	116
Don Basin conurbation and the new Economic Planning	
Regions	358-372
Dove Basin, Derbys.-Staffs.	
Farming-type regions	244-254
Dronfield U.D., Derbys.	117-118
